FISCAL ANALYSIS

ASSUMPTION

Officials at the **Missouri Ethics Commission (MEC)** assume the proposed legislation would prohibit a member of the general assembly from becoming a lobbyist for a specified period of time. The implementation of the above responsibilities would require the following additional resources:

One Business Analyst to conduct the routine work necessary in reviewing and providing oversight for the proposed legislation. The oversight would include reviewing the registrations, creating the correspondence, answering necessary correspondence and communication, and tracking the results. The Commission's current resource that assists all lobbyists with the monthly filing and bi-annual filings, answers all lobbyists questions, sends out all lobbyists late and non filer notices, handles the lobbyist annual registrations also provides the support for the Campaign Finance filers. This resource would be unable to provide any additional support for the increased work anticipated. Currently the Commission receives approximately 15,800 lobbyist reports annually.

Oversight assumes that the proposed changes in section 105.452 prohibits certain elected officials from registering as a lobbyist. It is unclear if the change would increase or decrease the number of individuals filing lobbyist reports. **Oversight** assumes the MEC should be able to absorb the cost of this proposal.
